

## A NOTE FROM ART

In 1993, my father-in-law, Milton Russell, JR, introduced me to his special Floridian technique for seasoning and preparing ribs. Although his ribs were by far the best that I had tasted, I still felt his recipe was missing something. In pursuit of a better recipe, I came back to my home in North Carolina and experimented with several different seasoning blends. After many taste tests, I developed a unique recipe that I call “**RIBS by ART**”; where the best of Florida meets the best of North Carolina.

Over the years, my **RIBS by ART** catering business has expanded from small backyard Bar-B-Ques and Family Reunions to large Church Fundraisers and Corporate gatherings. After much encouragement and support from my friends, I have decided to expand this unique taste experience. Please come and join my family and I at “**RIBS by ART**.”
